## DA LODGED FOR THE HOMESTEAD PARKLANDS

Our team has lodged a Development Application with Council to deliver The Homestead Parklands which are set to become another main recreational zone in Bingara Gorge with tennis courts, state of the art multi courts for basketball and handball/futsal, interactive shaded playground and extensive open spaces for a range of activities throughout the year. There's also a toilet facility and outdoor covered BBQs.

Other elements of this fantastic new space include:

- Covered tennis courts shelter with table and bench seats
- Top of the range child/adult outdoor gym equipment
- Multiple all-weather concrete path loops for active running or all-ages bike and scooter riding and boot camp circuits.
- Large informal turfed kick about area and picnic lawn spaces with views to the active hardcourt precinct and golf course fairways.
- A generous sandstone log wall provides an informal amphitheatre offering excellent views over the large turfed areas and seating and gathering spaces for community events.

The parklands will be located on the corner of Fairway and Butler Drive, Wilton.
